ARRIVAL

The best option to get to Klaipeda is to fly to Palanga airport (**PLQ**), which is located 34 km away from the Klaipeda Old town.

Palanga airport (inc. information on how to get to/from the airport):

<https://www.palanga-airport.lt/en>

Bus no 100 operates from the airport to the Klaipeda bus station. 37 min trip costs you about 2,5€. Buy your ticket from the bus driver – remember to have cash!

Unfortunately there are limited amount of flights arriving and departing from PLQ, therefore another very good option is to fly to Riga (**RIX**) airport and take a bus to Klaipeda:

Riga airport:

<http://www.riga-airport.com/>

However please note that the bus drive from Riga airport to Klaipeda takes about 4-5 hours and costs about 18 € (one way). More information and bus schedules here:

<https://www.busbud.com/en>

You can also check [Vilnius \(VNO\)](#) airport, and [Kaunas \(KUN\)](#) airport, with [bus connections](#).

VENUE INFO

The workshop will be held at the Klaipeda Science and Technology Park.
(Address: Vilhelmo Berbomo str. 10, Klaipeda, 92221 Lithuania)
